

# ATM Barrier

724.840.4999 (cell) arcticblastcovers@gmail.com

Due to ever expanding and accelerating ATM attacks, Arctic Blast Covers offers a line of ATM barriers.

These are designed as a visual deterrent and engineered for protection of the ATM with its cash and other assets during physical attacks.

The 360 ATM Barrier style provides protection on all four sides.

Ask for more information.

## Features:

- Customized for each ATM
- *Rhino Linings*® coating available in several colors
- Steel construction
